## EDUCATION

### KONGU ENGINEERING COLLEGE 2023-2027

- B.Tech Information Technology 2023-2027
- CGPA : 8.09

### ADHARSH VIDHYALAYA 2020-2023

- 12<sup>th</sup> Percentage : 92.66

## CERTIFICATION

- MongoDB Associative Developer 2025
- Oracle Apex Cloud Developer 2025

## SKILLS

- Frontend: React.js , Angular
- Backend: Python , Java
- Database: MongoDB , MySQL

## AREA OF INTEREST

- Full Stack Development
- Database Management

## LANGUAGES

- German (Basic)
- Hindi (Basic)

## PROFILE

Aspiring IT professional with a strong foundation in web development. Passionate about building efficient and user-friendly applications using Python, Java, and modern web technologies. Seeking opportunities to apply my skills in real-world projects.

## PROJECTS

### Image Filter Detection System

TechStack : Python , Flask , OpenCV

- Developed a web application to detect and remove image filters from product images to verify authenticity.

Github Link: [https://github.com/dharsha2005/Image\\_Filter\\_Detection](https://github.com/dharsha2005/Image_Filter_Detection)

### Perundurai - Home Rentals

TechStack : Mernstack(React.js,node.js,MongoDB)

- Built a rental listing website for the Perundurai local area.
- Integrated Google Maps and Google Earth for location and 3D view.

Github Link: [https://github.com/dharsha2005/perundurai-rentals\\_](https://github.com/dharsha2005/perundurai-rentals_)

### Vigil's Clip

TechStack : ESP32 , GPS , Mic Button

- Designed a safety clip for women with real-time location tracking and voice recording.

## PAPERS PRESENTED

- Participated in Minsky'24 with the topic "AI in Computer Graphics"
- "AI in Computer Graphics" in KGISL institute of Technology
- "RFID Technologies" in our college.

## ACHIEVEMENTS

- Secured 2nd Prize in Coding Contest at KEC (Minsky'24)
- Participated in Ruby Project Expo at KEC
- Secured 3rd Prize in Ideathon at Technofest '25, KEC

## LEADERSHIP

- Executive member in Rotaract Club
- Mobile Application Development Club member
